HEALTH OFFICE NEWS

There have been multiple cases of lice at Burke. Lice are highly transmittable and difficult to prevent, but if every parent will take the responsibility to check the entire family often, these parasites can be controlled. The following information should help you identify, treat, and prevent lice safely and thoroughly:

- * If your child has lice please check everyone in the family.
- * Check and treat hair every night.
- * Please tie up long hair for school.
- * Always notify our school if you find lice on your children so we can have the nurse check the other students in the classroom.
- * Do not share hair brushes, towels, hats, scarves, etc.
- * Always re-treat 7- 10 days after the first treatment to kill any lice that may have hatched from eggs that survived the first treatment.

Thank you for all your support in this matter. If you have any questions, please contact Nurse Shelag 480-964-4602.

ENROLLMENT FOR 2020-2021 & STUDENT VERIFICATION FORMS

In November, you should have received your continuing enrollment letter for next school year. This form indicates which students will return next school year and inquiries about new siblings. Please fill out and return the form ASAP. We must have this back right away, so that we can guarantee your child a spot at Burke Basic School.

If you have a child who is in a grade other than kindergarten, and you would like them to be enrolled, please indicate this on the form as well. We are now making appointments for siblings for the next school year.

To make an appointment for new siblings, please contact Bianca Castro at 480-964-4602.

This institution is an equal opportunity provider.
