## TRANSPORTATION MESSAGES

Changes to transportation **MUST** be called in to the transportation department (NOT the front desk) **before 1:30 p.m.** Messages after 1:30 p.m. cause unnecessary interruptions in the classroom. When calling, press "1" for the transportation department and leave the following information:

**Student's First & Last Name**

**Teacher Name**

**Parent pick-up and/or bus #**

\*\*\*You will **NOT** receive a call back to confirm the transportation change. Messages will be received as long as they are called-in before 1:30 o'clock.

## HEALTH OFFICE NEWS

Hi parents! As we begin the new year we wanted to remind you about Flu Season. The flu is a common respiratory illness you get from the influenza virus. Symptoms often include fever, head and body aches, coughing and a stuffy or runny nose. There are a number of ways to **reduce the chances of catching and spreading** respiratory illnesses like the flu:

**Wash your hands.** Hand-washing is one of the most basic and proven methods for stopping the spread of disease. Wash your hands frequently using soap and water, especially after coughing, sneezing or touching commonly shared items in your house or workplace.

**Cover your mouth and nose.** Cough or sneeze into your elbow or upper sleeve and ask people around you to do the same.

**Avoid touching your eyes, nose and mouth.** Germs often spread when people handle something contaminated and then touch their eyes, nose or mouth.

**Limit close contact.** Limit contact with people who are sick. And when you are sick, keep your distance from others.

**Stay home when you're sick.** When you have the flu, take precautions to limit exposing others to the virus. If possible, stay home from work and school. It's best to avoid attending public and family gatherings as well as running errands. Thank you for all your support in this matter. If you have any questions, please contact Nurse Shelagh
